M. Jennings (Director) | Feb 2014

Rationale:
We aim to ensure the continuity of education and care of all children attending the service in the absence of their family members and/or primary carers. Our service will strive to ensure that all children feel comfortable and secure whilst being educated and cared for at the service.

Statutory Legislation:
• National Quality Standard

| QA6 | 6.3.2 | Continuity of learning and transitions for each child are supported by sharing relevant information and clarifying responsibilities. |

| QA7 | 7.1.3 | Every effort is made to promote continuity of educators and co-ordinators at the service. |

• Early Years Learning Framework

| LO1 | Children feel safe, secure, and supported |

Implementation

Employment of Regular Educators

- When our service employs casual educators, or where volunteers and work experience students are present at the service, these persons will be engaged in an induction process that familiarises them with the service environment and any needs of children.
- The service policies and procedures, an educator handbook and description of their roles and responsibilities at the service will be available to the above mentioned persons.
- The service will seek to make use of the same casual staff where possible. This will ensure that casual educators are able to familiarise themselves with the service environment, expectations and routine. It will also make easier the building of relationships between educators, children and their families.
- The service will seek to employ casual educators on a regular day where possible. This will ensure that casual educators are able to familiarise themselves with the children and their families attending the service on that day. Building positive relationships between educators, children and families will encourage effective continuity of care.
- Where possible and without undue delay regular educators will inform family members via the service newsletter of any changes to staffing that will be occurring.
- Casual educators are encouraged to display a photo of themselves with an introductory paragraph to help children and their families become familiar with them.

Learning and Transitions

- Throughout each day, educators will communicate with one another about the children to help provide continuity of education and care within the service. This will include information on the attendance and non-attendance of children at the service.
- Children will be supervised when transitioning to and from the service (excursions) and within the service.
- When children return to the service after an absence educators will provide support to children.
- Educators will help children transition throughout the day.
- To assist children transition to formal schooling the service will support children by liaising with local primary schools. Children with additional needs will also be assisted by specialist support services. Winmalee Community Preschool will develop plans to assist children transition to formal schooling.
- Individuals who are authorised to deliver and collect children will be encouraged to share information about the child.
- The service will regularly promote the importance of the continuity of education and care for all children and educators.

Routine to Promote Continuity

A sense of routine is important along with smooth transitions as they allow staff to -

- Meet each child’s needs.
- Have one-on-one interactions with children and build strong relationships.

When planning a transition staff will:

- Talk to children to prepare them, giving them advice as to what is happening next and when.
- Talk with families to see if all their child’s needs are being met.
- Ensure that the routine has flexibility to allow requests and suggestions from staff, families and children.
- Make use of familiar and favourite items of a child.
